

Congolese to Break With Czechs, Russia

By ROBIN MANNOK

Associated Press Staff Writer

LEOPOLDVILLE, the Congo (AP) — Premier Cyrille Adoula is preparing to break diplomatic ties with the Soviet Union and Czechoslovakia and expel their diplomats from the Congo, government sources said today.

The sources said Adoula would shortly publish documents, seized from two Soviet diplomats arrested Tuesday, which showed deep involvement of the two Communist countries in subversion in the Congo.

The sources said expulsion letters to the Russians and the Czechs were being readied by the Foreign Ministry. The final decision on when to deliver them is up to Adoula, they added.

Soviet Embassy officials reported that a Russian newspaperman was arrested at his hotel Wednesday night. He was Benik Beknazar — Juzbachev, correspondent of the Soviet Novosti news agency who arrived recently in Leopoldville.

The Soviet officials said they still had received no news of the two diplomats who were dragged from their car and arrested two days ago.

The two embassy counsellors Boris Voronin and press attache Yuri Mikhokhnykh, were arrested on their return from Brazzaville, capital of the neighboring Congo Republic, where extremist opponents of the Adoula regime are setting

McClellan Says Gilpatric Should Have Disqualified Himself in TFX Contract

By G. MILTON KELLY

WASHINGTON (AP) — The Senate Investigations Subcommittee has indefinitely recessed its on-again, off-again probe into the TFX warplane contract award.

The halt was called Wednesday after a third day's quizzing of Deputy Secretary of Defense Roswell L. Gilpatric, a former legal adviser to the General Dynamics Corp., winner of the controversial contract award.

Gilpatric sharply denied that he was biased in the company's favor and rejected charges by Chairman John L. McClellan, D-Ark., and Sen. Karl E. Mundt, R-S.D., that he had been less than candid in some testimony.

Still, McClellan, Mundt and Sen. Henry M. Jackson, D-Wash., protested he should have disqualified himself from any part in the award and Mundt invited President Kennedy to state whether Gilpatric's role was proper.

The subcommittee is exploring whether conflicts of interest by any Pentagon official or undue influence were involved in the award. The hearings opened Feb. 26 and have been interrupted several times.

Gilpatric and other Pentagon civilian chiefs overruled the judgment of military men that the contract to develop the TFX — tactical fighter, experimental — should go to the Boeing Co. of Seattle.

Mundt told a reporter the testimony has shown a "close and continuing association between Gilpatric and General Dynamics, even while he was at the Pentagon."

"An expression from President Kennedy should be forthcoming now on whether contacts such as involved here lie within the code of ethics the President has spelled out for his people," Mundt said.

Last week the Justice Department said it had found no conflict of interest violation by Gilpatric.

While the Pentagon official was on the stand Wednesday documentary evidence was presented that Frank Pace, then a top General Dynamics executive, had claimed "reasonably strong indications" far in advance that his firm would win the contract.

Sweet Home to Hold Singing

There will be a singing at Sweet Home Church, five miles east of Blevins, Sunday starting at 6:30 p.m. Several quartets will be present, according to Zack Stone.

Blonde in Baker Case Questioned

By JOHN CHADWICK

Associated Press Staff Writer

WASHINGTON (AP) — A blonde widow who fell heir to a partnership with Robert G. Baker in ownership of a plush resort motel goes before the Senate Rules Committee today for questioning about his business dealings.

She is Mrs. Gertrude (Trudy) Novak, mother of two and an employee of the Senator Small Business Committee for the last 13 years.

Behind the closed doors of the Rules Committee, Mrs. Novak was to be questioned about the motel venture and other transactions in which Baker had a part.

Baker, 35, resigned as secretary to the Senate's Democratic majority after allegations of conflict of interest.

Mrs. Novak's husband, Alfred S. Novak, was Baker's partner in the posh Carousel Motel at Ocean City, Md., that was sold earlier this year to the Serv-U Vending Co., a vending machine firm with which Baker had dealings.

Novak died in March 1962, his death ruled a suicide, and his widow inherited his partnership.

Mrs. Novak told a reporter her husband's death came after "two years of turmoil that started with his interest in that motel. . . It's just been one thing after another."

The motel opened a party which drew Washington figures, including Vice President Lyndon B. Johnson, but apparently fazed financially under the Baker-Novak management.

Committee investigators were reported to have questioned Wednesday the man who blew the whistle on Baker — Ralph L. Hill.

Hill is chairman of the Capital Vending Machine Co. and plaintiff in a civil suit charging Baker and associates used improper influence to cancel a vending machine contract in favor of another firm.

His suit is what brought to public notice Baker's wheeling and dealing, and ultimately brought about Baker's resignation from his \$19,600 a year state job.

Hill was questioned in secret four hours not only about the vending machine case but about other of Baker's business and financial dealings.

Demo Committee Meeting Called

LITTLE ROCK (AP) — The state Democratic Committee will meet in Little Rock Dec. 3 to select a new national committeeman to replace Pat McElroy of Little Rock who recently was named to a federal judgeship.

U.S. Assured Cambodia Not Communist

By SPENCER DAVIS

Associated Press Staff Writer

WASHINGTON (AP) — Cambodia hasn't turned its back on the West in asking a termination of American military and economic aid, Ambassador Mong Kimmy said today.

The veteran diplomat said he assured the State Department that Cambodia's chief of state, Prince Norodom Sihanouk, has no intention of rushing into the arms of the Communists.

"All we want is to be left alone," Kimmy said in an interview. "Let our friends judge us by the success or failure of our policies."

"They see a war in South Viet Nam and they see civil strife in Laos while in Cambodia they see we have peace."

Kimmy has represented his country here for 11 years and played leading roles in the 1954 Geneva conference on Indochina and the 1961-62 Geneva conference which established the neutrality of Laos.

Sihanouk has no plan to ask for military aid from Communist China, Kimmy said, but Peking may be asked to send "a few technical experts — not military."

"In our agreement on military aid with the United States there is a provision that Cambodia must not receive aid from any of the Socialist countries," the ambassador said. "In point of fact, this meant we were not neutral."

For this reason he said he has decided he would not ask for Peking's military assistance because such an appeal "means that Cambodia would then become a satellite of the Soviet bloc."

The United States, in a swift reply to Sihanouk's request for termination of U.S. aid, agreed to undertake talks at once on an orderly withdrawal of U.S. economic and military aid missions.

Kimmy said the talks will determine details of the withdrawal which must be completed within six months for the military program.

Okay Given to Bean Sale to Bulgaria

WASHINGTON (AP) — The Commerce Department approved today an export license for the sale of \$965,000 worth of soybean products to Communist Bulgaria.

The license was the first in involving a shipment of agricultural products to Bulgaria since the government's recent approval of such shipments to Communist bloc nations.

The shipment will consist of soybean oil and cake and oil-cake meal.

All previous sales of farm goods to Iron Curtain countries — now totaling about \$26 million — had gone to Hungary. The previous sales involved some 200,000 tons of wheat, a considerable quantity of corn and soybean products.

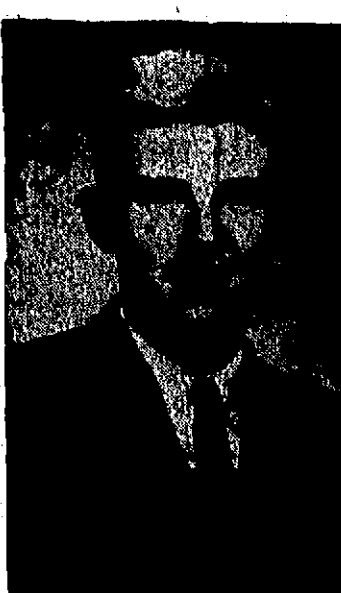

The sale of wheat on a much larger scale to Russia and her satellites is being negotiated by a Russian team and private U.S. grain dealers, but the proposed transaction reportedly has been snagged in the past few days over shipping rates and financing.

The Commerce Department did not disclose the quantity of soybean products involved in the Bulgarian sale, nor did it identify the firm receiving the license.

James O. Smith, 37, Dies Wed.

James Olin Smith, 37, died Wednesday in a Texarkana rest home. He is survived by a son, Archie of Hope; two daughters, Rachel Virginia and Brenda Smith of Hope, his father, Henry D. Smith of Texarkana; five brothers, Earl of El Centro, Calif., David E. of Arkadelphia, Ark., of Luling, Texas; Aubrey of Texarkana, Wayne Smith of Lubbock; three sisters, Mrs. W. H. Browning of Calif., Mrs. L. E. Rayburn of Texarkana, Mrs. J. A. Owens of Monahans, Texas.

Funeral services will be at 2 p.m. Friday at Oakcrest Funeral Chapel by the Rev. Herman H. Bulman. Burial will be in Corrinth Cemetery near Bodcaw.

Carter Hardage

Carter Hardage was presented the Joe Amour Service Award by Mack McLarty, Student Council President, Wednesday morning in an assembly.

As Vice-President of the Hope High Student Council, Carter has proved himself a leader and a diligent worker. Besides filling this demanding position, he is Secretary of the Key Club, belongs to the FFA, and is an active member of the First Baptist Church.

Carter still finds time to do an excellent job of sportswriting for the Hope Star and to maintain a 4 point average scholastically.

The Joe Amour Award is presented in memory of the late Joe Amour who was at one time principal of Hope High. It is awarded quarterly to the student who has done the most to serve his school.

Missing U2 Plane Found in the Gulf

Key West Fla. (AP) — The Coast Guard cutter Nemesis picked up debris today near the spot where a U2 plane, presumably returning from a mission over Cuba, vanished Wednesday over the Gulf of Mexico.

In announcing the find, the Navy declined to identify or give any details about the debris. It was found 40 miles north of the Cuba coast, in 60-foot deep water.

The Pentagon in Washington said it had nothing to indicate the fate of the pilot. The U2 is a one-man plane.

The Strategic Air Command and the Defense Department said there was no evidence that the plane was downed by hostile action. A spokesman at SAC's Omaha headquarters said it was believed the crash was caused by mechanical failure.

A Cuban radio report said merely that a U2 "which might have been on reconnaissance activities over Cuba," crashed in the Gulf. It quoted Washington reports that "it is presumed the plane plunged into the sea due to a mechanical fault."

At 10:32 a.m. Wednesday, the plane vanished from radar scopes. Eight minutes later, another plane spotted an oil slick in the area.

Three Navy air-sea rescue planes joined in the search. SAC called the plane a WU2, but a Defense Department spokesman said that was only the designation for a weather plane version of the spy planes that are still flying over Cuba to keep guard against re-introduction of Soviet missiles in Cuba.

Search for the plane was being directed at Key West by the commander of Navy forces there.

The plane was piloted by Capt. Joe G. Hyde Jr., 33, son of Mr. and Mrs. Joe G. Hyde Sr., of Lagrange, Ga. His wife is the former Marianne Gerdes of Leland, Miss.

SAC said the plane disappeared from land-based radar scopes at 10:32 a.m. Eastern Standard Time. The disappearance was made public about nine hours later.

The only WU2 unit assigned to SAC is the 4080th, operating out of Davis-Monthan AFB, Tucson.

Only last month — on the anniversary of the U.S.-Soviet Cuban crisis — it was disclosed that the high-soaring glider-like U2s were still flying reconnaissance missions over Cuba.

It was photographs taken by U2s which first showed definitely that the Soviet Union was setting up offensive missile bases on the island.

Kennedy Takes Political Oil Into Texas

By JACK BELL

Associated Press Staff Writer

WASHINGTON (AP) — President Kennedy set out for Texas today to spread some political oil on troubled Democratic waters.

His big jet plane took off from Andrews Air Force Base, Md., heading for a state where his victory margin was only around 2 per cent in 1960 and storm winds are now blowing within his own parts. Texas casts 25 vital electoral votes in 1964.

President Kennedy depicted his administration's New Frontier scientific program today as a bipartisan approach to the future which would benefit all mankind.

The Democratic President said in a speech prepared for dedication of the Aerospace Medical Health Center at Brooks Air Force Base that the "New Frontiers" slogan which helped him with the presidency in 1960 "is not the exclusive property of either Democrats or Republicans."

"It refers instead," he said, "to this nation's position in history today — to the fact that we

Soviet Jets Down Stray Iran Plane

TEHRAN, Iran (AP) — Three Soviet jet fighters shot down an unarmed Iranian plane 18 miles inside Iranian territory after it accidentally strayed into the Soviet Union, official government reports said today.

Two aerial survey officials aboard the plane were killed and the pilot was seriously injured.

The plane, on a photographic mission in connection with a land redistribution project in northeast Iran, lost its way Wednesday and flew into Soviet territory, the reports said.

The reports said the Soviet jets ordered the plane to land on a Soviet air strip. The pilot, however, found he was short of fuel and flew back into Iranian territory, the reports added.

The three jets then reportedly followed the Iranian plane and fired on it near Dargah, in Iran. The plane was reported to have caught fire and exploded in the air.

The plane was downed while Soviet President Leonid Brezhnev was in Iran on an official visit.

News of the incident spread through the Iranian Parliament today as Brezhnev addressed a joint session on improved Iranian-Soviet relations. The president said the Soviet government and people are greatly satisfied with the removal of the "dangers" from their relations with the Soviet government.

The downed plane was a twin-engine, piston-driven civilian craft belonging to the Iranian Air Taxi Co.

Famous Alcatraz Birdman Dies

WASHINGTON (AP) — Robert L. Stroud, famous "Birdman of Alcatraz" died of natural causes early today in the federal medical facility in Springfield, Mo., government sources reported.

The sources said full details would be made when whatever relatives he may still have are notified.

Attorney for Hoffa Barred From Court

By BARNEY BALLARD

Associated Press Staff Writer

NASHVILLE, Tenn. (AP) — An attorney preparing James R. Hoffa's defense against jury tampering charges has been accused of the same offense and barred from practicing in federal courts.

District judges William E. Miller and Frank Gray Jr. signed an order Wednesday night prohibiting Z.T. Osborn Jr. of Nashville from practicing in their courts. Officials said the order would bar the lawyer from all federal courts.

The judges accused Osborn, 43, of offering \$10,000 through a middleman to a prospective juror if he would prevent conviction of Hoffa, president of the Teamsters Union.

Neither Osborn nor Hoffa could be reached for comment. Hoffa and six other men are to go on trial Jan. 6 on charges of attempting to influence jurors in Hoffa's trial in Nashville last year on charges of conspiring to violate the Taft-Hartley Act. Osborn, one of Nashville's leading lawyers, helped defend Hoffa in the 1962 trial.

Miller's memorandum said Osborn offered \$5,000 through Nashville Policeman Robert D. Vick for the prospective juror, Ralph A. Elliott, if and when he was seated on the jury. The other \$5,000 would be paid if Hoffa was not convicted.

Elliott, a member of the district court panel of prospective jurors was said to be a relative of Vick's.

However, Elliott was not contacted, and information obtained by Vick was turned over to federal authorities.

Judge Miller said Osborn appeared before the court last Friday, and added: "His statements and answers on that occasion to the effect that he knew of no plan to improperly influence the jury in the forthcoming Hoffa trial and that he had engaged in no conversation with any person for the purpose of improperly influencing any prospective juror, were false and untrue."

Osborn was one of the lawyers in the Tennessee reappointment case, in which the U.S. Supreme Court ruled that federal courts could require state legislatures to reappoint themselves.

Engineer Plans Retirement

LITTLE ROCK (AP) — Jay C. Pyle, 59, chief of the hydraulics branch of the Little Rock District of Army Engineers, retires Friday, ending 30 years of federal service. Pyle has been in the Little Rock district since 1944.

Panel Rejects U.S. Claim on Poultry Losses

GENEVA (AP) — An independent panel has rejected the claim by the United States that it is losing \$46 million a year in poultry exports because of the European Common Market's tariff increase, it was reported today.

The five-man panel from GATT — the General Agreement on Tariffs and Trade — reportedly put the annual loss at \$26 million.

The Common Market claimed the U.S. loss was \$19 million.

The United States and the six-nation European trade bloc submitted their "chicken war" to the GATT panel after long negotiations. The dispute followed an increase in July 1962 of nearly 300 per cent in the Common Market tariff on imports of frozen poultry. A booming U.S. export to West Germany was wiped out.

While the panel's finding is not binding, the United States and the Common Market made a gentleman's agreement to use it as the basis for further negotiations to compensate the United States for its loss.

Under GATT rules, the United States can raise its own tariffs on various Common Market products to a figure equal to its loss. But in this case the United States and the

\$40,000 for Rich Woman's Clothing

CHICAGO (AP) — The personal wardrobe of one of Chicago's wealthiest women — an estimated 25,000 pieces of apparel — has been sold at public auction for \$40,000.

The wardrobe, owned by the late Mrs. Violet Bidwill Wolfer, was sold at a three-day auction by order of Cook County Probate Court.

The clothes included more than 1,000 dresses — with a purse to match each dress — some 500 coats and 1,500 pairs of shoes. The highest price paid was \$1,250 for a full length mink but many dresses and coats sold for 50 cents.

Mrs. Wolfer was 62 when she died in Miami Beach, Fla., in 1962. She left an estate of \$3.1 million to her two adopted sons. Her first husband was Charles W. Bidwill, wealthy businessman.

Poultry Men Hear P&S Investigator

The objective of the Packers & Stockyards Division of the USDA is to protect the farmer and livestock producer against unfair trade practices, said M. L. Marshall, area supervisor for the regional P&S office in Memphis, Tenn. He spoke Monday night at Bodcaw before the Southwestern Arkansas Poultry Producers Association.

The P&S was created by Congress in 1921 to correct abuses practiced by the "Big Five" meat packers, who at that time controlled all phases of livestock marketing. A similar situation is said to exist today in the broiler industry, said Mr. Marshall, who was sent into Arkansas last year to investigate the integrated poultry industry after thousands of complaints were received by the Department of Agriculture and by Senators and Congressmen in Washington.

After the showdown legal battle last spring and summer, Mr. Marshall said practically all of the integrated broiler firms in Arkansas have agreed to cooperate with the P&S upon a voluntary basis by permitting investigators to examine their books.

The commercial egg integrators came in for considerable criticism from those in attendance at the meeting. Dr. Marshall invited producers to submit complaints to his office in Memphis and promised they would be investigated and that names of those submitting complaints would be kept confidential, if requested.

Because of the poor attendance, the announced election of officers of the association was postponed. Mr. Silvey, however, submitted his resignation, explaining he is selling his farm and is no longer directly interested in the poultry business. Arthur M. Wimmell, McCaskill, vice-president, will serve as president until an election is held.

Parliament Bldg. Used by Lovers

KUALA LUMPUR, Malaysia (AP) — Malaysia's gleaming new Parliament Building has become a deluxe lovers' lane complete with police protection.

The \$5.5-million structure and its softly lighted gardens are drawing hundreds of couples who formerly courted along lonely roads where there have been repeated cases of banditry.

Four policemen are on duty around the clock to protect the building.

Cold Spreads Out of the Rockies

By THE ASSOCIATED PRESS

The season's coldest weather spread across the Northern Rockies and Western Plains today but it was fairly mild in most other parts of the nation.

Below-zero temperatures chilled many sections of Montana as the cold air from Canada spread across most parts of the state, southward into Wyoming and eastward into the western Dakotas.

Temperatures edged toward zero in some areas outside Montana. One of the coldest spots was Cut Bank, Mont., with 11 below.

Light snow fell in the cold air but no severe storms were reported. More than eight inches of snow was reported in West Yellowstone, Mont., and up to a foot covered the Kalispell region in northwestern Montana.

The cold belt penetrated many areas from the northwestern Great Lakes region southward to northern Iowa and northern Nebraska and into the Dakotas and northeastern Wyoming.

Brother of Hope Man Succumbs

Funeral services for Sam Jones, 72, who died Wednesday at a Little Rock hospital, will be at 3:30 p.m. Friday at Gross Funeral Chapel at Hot Springs.

Mr. Jones was a retired Hot Springs grocery store operator. He was a Mason, member of VFW, DAV and the Church of Christ.

Survivors include his wife, a son, four sisters and three brothers, including Joe Jones of Hope.

stand on the edge of a new era filled with both crises and opportunities, an era to be characterized by both grim challenges and historic achievements.

This unusual bipartisanship on the part of the President seemed to reflect considerable administration worry about what is going on in Texas. The state will cast 25 electoral votes, slightly less than one-tenth of the 270 total Kennedy would need for re-election in 1964.

Riding another plane, Vice President Lyndon B. Johnson and his wife accompanied the Kennedys to the Lone Star State for a first-hand look at voter reaction to the Kennedy legislative program — including civil rights — and how the President is handling foreign affairs.

The President planned to fly tonight to Houston, where he was scheduled to speak at an "appreciation" dinner for Rep. Albert Thomas, D-Tex.

In his remarks at the medical center, Kennedy seemed to be answering those in Congress who think too much money is being shot off toward the moon in the space program.

The Senate voted Wednesday to trim \$90 million from the program, reducing the total to the \$5.1 billion previously approved by the House.

JUST DELIVER THE MAIL

Ninety-five percent of the 570,000 post office workers in the U.S. belong to the National Alliance of Postal Employees, and our new Postmaster General has told them that they ought to become more involved in politics.

John Gronouski didn't even know his zip code number when President Kennedy appointed him to the job, but he did know his politics. And he evidently realizes that the Administration could use the active support of more than half a million men and women whose takes them into contact with the public.

Specifically, Mr. Gronouski told a convention of the union that it should take a hand in the "national political and economic issues," such as the civil rights problem and the Administration's tax bill.

Perhaps this was what the Administration was seeking when it set forth its new directive giving unions bargaining rights for Federal employees, instituting dues checkoff and accepting the other formalities of unionism. Federal employees now number more than two and a half million and there's no end in sight. If the civil service can be converted into a giant political engine to keep the "ins" in power, the end of two-party government in the United States may not be long in coming.

The civil service was created to take job-holders out of politics, and for good reason. Federal employees alone, with their families, may well be the pivotal vote block in national elections, just as one government employees' union chief has claimed they are.

Curbs on their political activities are wise and must be continued unless we are ultimately to be ruled rather than served by our public servants. Now, Mr. Gronouski, let's hear from you again. This time tell us what you plan to do to improve the Post Office Department. That's your job. The Sumter (S.C.) Daily Item

Expects Prayers to Continue

NORTH BROOKFIELD, Mass. (AP) — The chairman of the North Brookfield School Committee says he expects daily Bible reading and prayers to continue in the community's public schools pending the outcome of court action initiated by the Massachusetts attorney general.

Att. Gen. Edward W. Brooke Wednesday asked the State Supreme Court to order discontinuance of the required religious exercises. The court ordered the school committee to answer by Dec. 4.

Chairman Aime G. Morin of the school committee said Wednesday night he doubted the committee would discontinue prayers and Bible reading until the case is decided.

Goldwater Committee Organized

FORT SMITH, Ark. (AP) —

E. E. Barber Jr., Fort Smith contractor, was named today chairman of the Arkansas Draft Goldwater Committee. He predicted that the Arkansas Republican delegation would go to the GOP National Convention armed with Goldwater votes.

"I think the overwhelming strength Sen. Barry Goldwater shows in Arkansas will control the flow of votes and give a mandate to the state Republican Committee," Barber said.

The committee designates delegates to the convention in San Francisco next July 13.

The National Draft Goldwater Committee in Washington named Barber state chairman. The 39-year-old former Air Force pilot said in an interview with The Associated Press that groundwork already had been laid for a statewide Goldwater organization.

Barber said he would name chairmen for each congressional district and that they would name county chairmen. The county chairmen will designate local chairmen, Barber said.

The organization will work for Goldwater votes should he be nominated at the same time it is working to impress on the state committee the need for nominating the Arizona senator.

Barber said a majority of the state committee members already were Goldwater supporters. The state committee will name the delegation two weeks before the convention.

Asked if he considered his

chairmanship of the Draft Goldwater Committee a showdown battle with Winthrop Rockefeller, Barber said he did not. "I have no argument with Mr. Rockefeller," he said. "I'm just a Goldwater man."

Rockefeller is working to swing Arkansas' GOP convention delegation into the corner of his brother, New York Gov. Nelson Rockefeller.

Barber said he has never held a public or party office. His wife is a vice chairman of the Sebas-

tan County Republican Executive Committee.

Barber said that Dec. 15 is the target date for organization of the Goldwater supporters. "We hope to show enough strength to impress on the state committee and the delegates it names that the nomination of Goldwater is imperative," he said.

Barber said many prominent Democrats have been working with him to organize support for Goldwater, but he would not name them.

Campaign on for New School Bus

LITTLE ROCK (AP) — Mrs.

Kay Holland and Mrs. Miriam Maginnis began a statewide campaign for a school bus today in Little Rock.

They parked the school bus which they hope to own on Little Rock's Main Street and stood on the sidewalk asking for donations of trading stamps.

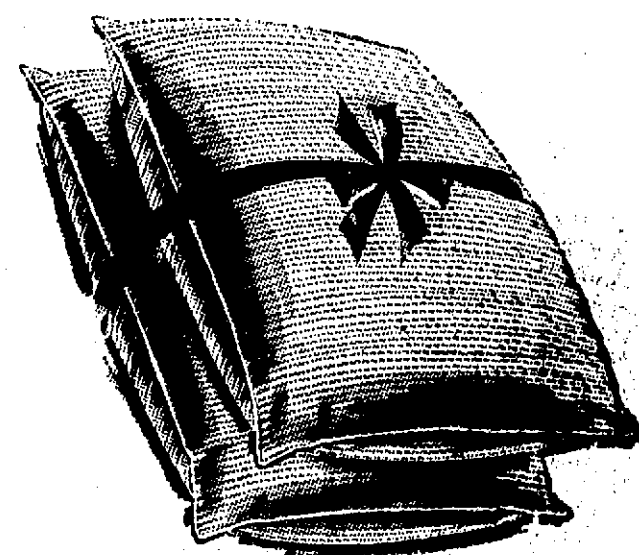

The women need 4,000 books

of trading stamps to acquire the bus. They say it is needed to transport children from Roman Catholic families in Jenny Lind, near Fort Smith, to Fort Smith Catholic schools.

Mrs. Holland and Mrs. Maginnis, who live at Jenny Lind, said they will later take their campaign to Hot Springs, Pine Bluff, Fort Smith, Fayetteville and Springdale.

The school bus is on loan until the women can gather enough stamps to buy it.

Congolese to

Continued From Page One

up a "Congolese government in exile."

Adoula and his Cabinet Wednesday night examined documents taken from the two Russians. Well-informed sources said they included letters from Christophe Gbenye, leader of the extreme nationalist followers of the late Patrice Lumumba.

These sources said the letters included a request for five billion Congo francs — about \$27 million — in counterfeited bills to be used to destroy confidence in the Congo's currency.

Another letter reportedly asked the Russians to investigate links between Communist China and followers of former Vice Premier Antoine Gizenga, whose separatist regime in Stanleyville had Soviet support and recognition.

Gbenye and several Gizengist leaders are among the Congolese politicians who have sought the protection of Brazzaville's left-leaning provisional government.

Miakotnykh, who has been extremely active in extremist circles, was known to have been in recent contact with Gbenye in Brazzaville, well-informed circles said.

Church in the Vale" and the devotion was given by Mrs. W. T. Yarberry from Psalms 100.

Mrs. Warnken led the group repeating the Lord's Prayer. The Club voted to finish a quilt for Mrs. Ethel Thompson who is ill. Miss Hazel Cummings gave an interesting talk on "Our Constitution".

Plans were made to attend the Council Christmas Party December 12. Mrs. Yarberry served cakes and cookies and the cakes made from recipes given in the demonstrations.

The Club ladies are glad to have Mrs. James Osborn as a new member, where the December meeting will be held.

Legion Auxiliary Names Committee Chairmen

The Leslie Huddleston Unit 12 of the American Legion Auxiliary has announced the following committee chairmen for 1964: Pan American, Mrs. Homer Beyerley; Girls State, Mrs. Leonard Ellis; finance, Mrs. W. H. Gunter; membership, Mrs. Charles Taylor;

Music, Mrs. W. H. Gunter; past presidents parley, Mrs. E. S. Franklin; poppy, Mrs. Fred Formby; telephone, Mrs. E. S. Franklin and Mrs. Jett Bundy; year book, C. E. Weaver and Mrs. Inez Compton; junior activities, Mrs. Joe Jones; Americanism, Mrs. Joe Keesey; Child welfare, Mrs. E. P. O'Neal; community service, Mrs. C. E. Weaver; civil defense and national security, Mrs. Victor Cobb; constitution and by-laws, Mrs. Ben Edmiston; rehabilitation, Mrs. D. E. Faris; publicity, radio and newspaper, Mrs. Joe Jones; legislation, Mrs. Ben Edmiston.

Victory 4-H Club Meets

The November meeting was called to order by Jackie Sumpter. Nancy Stevenson played a piano solo. The devotion was given by Helen McCorkle and the group repeated the Lord's Prayer. The Pledges were led by Sue McMillen and Judy Barnes. Discussion of new doors and a sign for the Club House was held.

Election of officers was held, the following were elected: president, Jackie Sumpter; vice-president, Tammy McKee; secretary, Jennifer Smith; assistant secretary, Nancy Stevenson; reporter, Helen McCorkle; song leader, Robert Cash; recreation leaders, Sue McMillen, Billy Cash.

The main leader is Mrs. Jack Sumpter. The Scrapbook chairman is Helen McCorkle.

The next meeting will be December 12 at the Club House.

Circle 5, WSCS Meets

Circle 5, of the WSCS, of the First Methodist Church met November 18 in the home of Mrs. Monty Monts with Mrs. James Howell as co-hostess.

A short business meeting was conducted by the president, Mrs. Paul Bain. Reports were heard and the Christmas party was discussed. December 9 is the date which has been set for the party to be held at Mrs. LaGrone Williams.

The annual Christmas offering was taken. Following the business session, Mrs. Jim Robertson presented a very moving program concerning Thanksgiving.

Following the benediction, a dessert plate and coffee was served to 21 members and one guest, Mrs. Raymond Franks.

Auxiliary of Legion Meets

On Tuesday night, November 19 the American Legion Auxiliary Leslie Huddleston Unit 12 met in the home of Mrs. Frank King with Mrs. Emma Wiggins as co-hostess. Presiding over the meeting was Mrs. King, who is president of the unit.

Mrs. Ben Edmiston, chaplain, voiced the opening prayer. The pledge of allegiance and the preamble were repeated in unison. All sang "The Star Spangled Banner" with Mrs. Glen L. Williams at the piano.

Mrs. W. H. Gunter, treasurer, reported \$134.57 net proceeds from the November Poppy Day sales. She also announced 101 paid memberships for 1964.

Miss Earline Smithpeters

Mr. and Mrs. Earl Smithpeters of Gurdon announce the engagement and approaching marriage of their daughter, Earline to Harold Key, son of Mr. and Mrs. James Lawrence Key of Hope.

Miss Smithpeters is a 1963 honor graduate of Okolona High school and is presently employed by the Oberman Manufacturing Co. in Arkadelphia. Mr. Key is a 1960 graduate of Hope High School and is an employee of the Hope Auto Co.

The wedding will be an event of November 30 in the Maryella Pentecostal Church at 7:30 p.m. The public is invited.

These included 71 senior and 30 junior memberships.

Mrs. Inez Compton, 12th District President, revealed that the 12th District was the first in the state to surpass its membership quota by the November 11 deadline set by the Arkansas Department headquarters.

On behalf of the Auxiliary Unit 12 Mrs. Frank King presented Mrs. Inez Compton an engraved silver letter opener as a going away gift. She will be leaving soon to take a position as secretary-treasurer with the Department of Arkansas American Legion Auxiliary.

A program on "Rehabilitation" was given by Mrs. King, Mrs. Compton, and Mrs. Joe Jones. Nineteen aprons were collected for the Gift Shop contribution and will be sent to the V.A. Hospital at Little Rock. The Gift Shop date is set for December 16 and 17.

According to Mrs. King, the American Essay Contest will be sponsored by the auxiliary again this year at Hope High School. The title will be "America Today and Tomorrow," and all high school students, ninth through eleventh grades, are eligible to enter and are urged to participate.

Mrs. Marjorie Isley, Mrs. Norma Mesamore, and Mrs. Lanette Wilhem of the newly organized unit at Ashdown were guests at the meeting. They, 12 senior members, and one junior member concluded the meeting by repeating the Lord's Prayer in unison. The hostesses served

4.9 Million Chicks Started

LITTLE ROCK (AP)—Arkansas producers started 4,928,000 broiler chicks during the week ended November 18, the Crop Reporting Service estimated today. This was one per cent below the figure for the previous week.

Of total placements in the state, 4,220,000 chicks were hatched in Arkansas and 708,000 came from other states.

ker and Mr. and Mrs. Billy Mitchell went to Dallas this past weekend to visit with Valdene and Voliet Tonnemaker and Russell Mitchell and also Mr. and Mrs. Wayne Johnson and family of Arlington. While there they attended the Arkansas-SMU Football game Saturday.

Martha Hairston Circle Meets

The Martha Hairston Circle of the First Baptist Church met Monday afternoon in the home of Mrs. Bob Jones. Mrs. George Young, circle leader, presided over the business meeting. The circle decided to bring a small gift to exchange at the December to be held in the home of Mrs. Elmer Smith.

The prayer for missionaries was led by Mrs. Gus Haynes. Mrs. W. H. Gunter presented the program with Mrs. Lester Sitzes giving an inspiring book review on "Bill Wallace of China". Mrs. Elmer Smith assisted her giving the history section. Mrs. Gunter closed the program with prayer.

Coffee and dessert plate, with a clever little flag stuck in an orange slice base, reminded the ten members present of the mission study to be held at the church Tuesday night.

Cloud Cover Brings Rain to Arkansas

By THE ASSOCIATED PRESS

Fog blanketed most of Arkansas this morning as moisture laden southerly winds pushed a cloud cover into the state. The fog was accompanied by some drizzle and a few light showers.

And the combination of moisture pushing northward and a low pressure disturbance moving into the state put Arkansas in line for the strongest shower situation in recent months.

The Weather Bureau said Arkansas may get one to two inches of rain by the end of the weekend, with most of the showers coming Friday and Saturday.

The forecast called for partly cloudy and mild today and tonight, partly cloudy to cloudy and mild Friday with shower in northwest.

Highs yesterday were generally in the 70s and overnight lows in the 50s.

The rains have brought a virtual halt to harvesting and plowing in the state, but have eased the forest fire hazard.

Committee Agrees on Debt Ceiling

WASHINGTON (AP) — The Senate Finance Committee approved a temporary \$315-billion federal debt ceiling today. It defeated 9-8 a Republican move to hold the limit at \$313.4 billion.

Sen. John J. Williams, R-Del., offered the amendment for the lower figure.

Williams contended that \$1.6 billion of the increase in the ceiling asked by President Kennedy could be attributed to loss of revenue due to the \$11-billion tax-cut bill now before the Finance Committee.

The new \$315-billion ceiling, already approved by the House, would be \$6 billion higher than the present \$309-billion temporary limit.

The Senate must complete congressional action on the bill promptly because the \$309-billion figure expires Nov. 30. On that date the ceiling would drop back to the \$285-billion permanent limit.

The national debt now stands at about \$308 billion. The bill would establish the \$315-billion limit through next June 29.

Wisconsin Kills Racing Proposal

MADISON, Wis. (AP)—The Wisconsin Assembly killed on a 50-39 vote without debate Wednesday night a proposed constitutional amendment to permit pari-mutuel race track betting with proceeds marked for education. The state bars all forms of gambling.

U.S. Policy the Same in Viet Nam

By MALCOLM BARR

HONOLULU (AP) — South Viet Nam's change in government won't affect the United States attitude in the troubled Southeast Asia country, the U.S. State Department says.

Reporting on Wednesday's top-level meeting of diplomatic and military officials in Honolulu, Robert Manning assistant secretary of state for public affairs, said the meeting produced no proposals for major changes in U.S. policy in Viet Nam. He said he sees no changes in economic aid "in the foreseeable future."

The conference drew together Secretary of State Dean Rusk, Defense Secretary Robert S. McNamara, Henry Cabot Lodge, U.S. ambassador to South Viet Nam; Gen. Maxwell Taylor, head of the Joint Chiefs of Staff; Maj. Gen. Paul D. Harkins, head of the U.S. military advisory group in Viet Nam; Adm. Harry D. Felt, Pacific military commander, and other top-drawer civilian and military officials from Saigon, Washington, D.C., and Honolulu.

McNamara left Wednesday night for Washington immediately after the meeting to report to President Kennedy.

Manning's report described the day-long sessions as "more of a discussion than an arrival at a full set of finished decisions."

He said the conference produced "the raw material for recommendations" to be made to the President when McNamara, Rusk and Lodge arrive in Washington.

Rusk's return will be delayed by a visit with five other Cabinet members to Japan. Lodge is expected to confer with the President after his return to Washington Friday.

A statement on the conference by Arthur Sylvester, assistant secretary of defense for public information said in part:

"In general, information received at the conference indicates an encouraging outlook for the principle of joint U.S. Vietnamese policy in South Viet Nam — that is, the successful prosecution of the war against the Viet Cong Communists."

While he was seeing McNamara off Adm. Felt was asked if the phrase "successful prosecution of the war" meant a speedup in activity against the Communist North Vietnamese.

"We hope there is a speedup. There is no reason why there should not be," Felt replied.

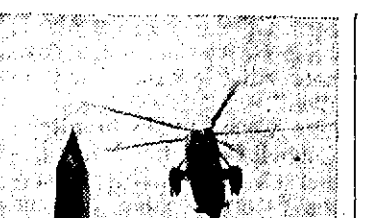

Death Toll in Venezuela Riots 24

CARACAS, Venezuela (AP) — At least 24 persons have been killed and 84 wounded in Caracas in the last two days of a stepped-up pro-Castro terrorist campaign to block the Dec. 1 presidential election.

Caracas residents who stayed off the streets Tuesday ventured out again Wednesday. Some were caught in the crossfire between troops and terrorist snipers.

Bombings and other violence also were reported in the interior. Arrests of terrorists rose to 150.

In the capital, members of the Armed Forces of National Liberation moved their terror-

FOLLOWING THE LEADER

—Two familiar sights are seen in this picture: the Washington Monument and President Kennedy's helicopter. The President, with his party in the second "copter," were whirling back to Washington after a visit at his home in Atoka, Va.

Union Hits at Medical Association

By NEIL GILBRIDE

Associated Press Staff Writer

NEW YORK (AP) — The AFL-CIO convention wraps up its official business today after charging the American Medical Association with stooping to fraud to misrepresent labor's support of medical care for the aged.

George Meany was elected Wednesday to his fifth term as president of the 13.5 million-member organization.

The re-election of Meany and the 27 vice presidents of the AFL-CIO followed the announcement.

In Washington, President Edward R. Annis of the AMA said the charge of fraud leveled by Meany before the 1,200 delegates was "completely false."

"This is a ridiculous law suit which is improperly directed, a transparent publicity stunt and a smokescreen to divert attention from the hearings currently being conducted by the House Ways and Means Committee on the administration's government health

Picks Bobcats by 28-6 Over the Badgers

By BILL SIMMONS
Associated Press Staff Writer
Pine Bluff crashes into the one barrier left between the Zebras and a second straight Big Ten Conference football championship ship Friday night.

Hot Springs is the target, and should tumble.

The Trojans have been untriumphant this season, and Pine Bluff has stacked up a string of victories over a couple of seasons, except for a 7-7 tie, with Ace Gordon Norwood coupled with an extremely reliable defense, make Pine Bluff the prohibitive favorite.

PINE BLUFF 30, Hot Springs 12. Maybe a touchdown more for either side, pending on how bad Pine Bluff wants to win two titles in a row.

FL DORADO 17, Little Rock 14. The dedicated Warriors don't quite have the defense for the job.

BLYTEVILLE 10, Little Rock Central 7. Without a breath to spare.

TEXARKANA 14, North Little Rock 12. Climaxing a great season for the Razorbacks tonight.

JONESBORO 14, Wynne 0. A spot of glee after a long, long run.

Now, the Class AA games: Paragould 14, Stuttgart 13. Close and hard to pick.

Benton 26, Morrilton 17. Cinching the Region 3AA title.

Little Rock Catholic 24, Searcy 7. With Rockets hoping Benton will slip.

Conway 19, Mabelvale 0. The Lions haven't won in region play.

Russellville 20, Jacksonville 7. The Cyclone has lost only once.

Sylvan Hills 13, Fuller 6. A doubtful nod to the higher class.

Smackover 29, Camden 13. You can't buck the Bucks this time.

Hamburg 13, Crossett 0. A bad year for the Eagles.

Camden Fairview 13, Malvern 12. Even, all the way.

Hope 28, Arkadelphia 6. The Little Big Horn all over again.

Magnolia 14, Ashdown 0. For an 8-3 record.

Non-Starter Picked for Honors

By JACK HAND
Associated Press Sports Writer
NEW YORK (AP) — Eddie Wilson, a bench warmer who never started a game until Hank Stram shook up his Kansas City club, was named The Associated Press's Player of the Week in the American Football League.

Wilson took over when Stram benched Len Dawson Sunday at Boston in a desperate attempt to shake the Chiefs out of their losing spin. They didn't lose, but they didn't win either, winding up with a 24-24 tie. It was the first time they hadn't lost in their last six games.

The 22-year-old former Arizona quarterback completed 20 of 32 passes for 258 yards and two touchdowns. He was not intercepted, and he did not panic under the Beantown Blitz from the Patriots.

Trailing late in the final period, Wilson engineered a 71-yard drive in nine plays that climaxed with a 26-yard touchdown pass to Curt McClellan.

Lance Alworth, last week's star, caught four passes for 79 yards and one San Diego touchdown and George Blair kicked three field goals for the Chargers in a 23-13 victory over Buffalo. Blair's kicks were from 39, 15 and 41 yards, the last icing the game.

Dick Wood hit for two touchdowns while completing 16 of 34 for 249 yards for the New York Jets in their 14-9 decision over the Denver Broncos. Billy Joe, the rookie fullback from Villanova, gained 105 yards for the

Defense of Bears to Get a Big Test

By JERRY LISKA
Associated Press Sports Writer
CHICAGO (AP) — The Chicago Bears' excellent pass defense gets challenged a second successive week by a former Bear bomber in Sunday's meeting with the dangerous Pittsburgh Steelers.

This time the Western Division leader of the National Football League must try to handcuff Ed Brown, who once shared Bear quarterbacking with Zeke Bratkowski, current Green Bay Packer reserve.

Zeke was something less than a ball of fire as he spelled starter John Roach late in last Sunday's stinging 26-7 Bear spanking of the Packers.

The remarkable Bear secondary which currently has no fewer than three men among the top seven NFL interception specialists filched three of Brat's 11 tosses.

The 34-year-old Brown figures to be a much more bristling problem for the Bears than Zeke rusty after a long Packer bench jour.

Brown, traded to the Steelers in 1962 after eight Bear seasons, is having his best year. His 255 attempts already surpass his greatest number of tosses in any full Bear season. He has completed 124, one shy of his most hits as a Bear—125 in 1959. His 14 touchdowns shots exceed his total of 13 for that same season, his Bear career high.

Swept out of the Bear den with Bratkowski as Chicago got the Los Angeles Rams' Bill Wade. Brown will be itching to derail personally, or at least slow up, Chicago's divisional title express.

Two votes went to Northern Illinois, which has completed its season with a 9-0 record. The other No. 1 vote went to Southwestern Texas.

Delaware collected 73 points, on a 10-9-8 — etc. basis, with Northern Illinois second with 70. Wittenberg had 44 for third and Massachusetts 35 for fourth.

The top four held their places. Florida A&M jumped from seventh to fifth, and McNeese State moved up a notch to eighth. The only newcomer to the Top Ten was Abilene Christian, 21-3 winner over McMurray. Slippery Rock fell out of the Top Ten after losing to West Chester, Pa. Teachers 36-7.

Northern Illinois, Wittenberg, Massachusetts and St. John's have completed their seasons.

The Top Ten, with first-place votes in parentheses, season records and points on a 10-9-8-7-6-5-4-3-2-1 basis:

| | W | L | T | Pts. |
|-----------------------|---|---|---|------|
| 1. Delaware | 5 | 0 | 0 | 73 |
| 2. Northern Ill. | 2 | 9 | 0 | 70 |
| 3. Wittenberg | 8 | 0 | 1 | 44 |
| 4. Massachusetts | 7 | 0 | 1 | 35 |
| 5. Florida A&M | 6 | 1 | 0 | 34 |
| 6. St. John's, Minn. | 8 | 0 | 0 | 32 |
| 7. South Dakota St. | 7 | 1 | 0 | 23 |
| 8. McNeese St. | 7 | 0 | 0 | 16 |
| 9. San Diego St. | 7 | 1 | 0 | 15 |
| 10. Abilene Christian | 7 | 1 | 0 | 14 |

By THE ASSOCIATED PRESS
The Philadelphia 76ers, nee the Syracuse Nationals, haven't set the National Basketball Association on fire since the franchise was shifted to the Quaker City. Nevertheless Coach Dolph Schayes is confident his 76ers will make the playoffs by beating out the revived New York Knicks in the Eastern Division.

Beaten in two previous games by the Knicks, the 76ers turned the tables on the New Yorkers Wednesday night, 118-101, as Lee Shaffer and Hal Greer combined for 54 points. It was the first Philadelphia victory of the season over the Knicks and gave the 76ers a two-game lead over the team they must beat to make the playoffs.

The Detroit Pistons snapped a three-game losing streak by coming from behind to defeat the Cincinnati Royals 124-118 in Wednesday's other scheduled NBA game.

Dave Gambee suffered a possible fracture of the malarial bone in his left foot and may be lost to Philadelphia for a week or so.

Ralston Raises Davis Cup Hopes

ADELAIDE, Australia (AP)—Dennis Ralston of Bakersfield, Calif., raised the Davis Cup hopes of the United States Thursday when he defeated Australian ace Roy Emerson in the semifinals of the South Australian Tennis Championships.

Ralston turned back the No. 1 ranked Australian 4-6, 2-6, 3-6, 6-2, 12-10 and will meet Australia's John Newcombe in the finals Sunday.

The U.S. challenges Australia for the Davis Cup Dec. 26-28 on the Adelaide courts.

U. S. to Take on Canadians

TORONTO (AP)—A six-man contingent from the Toronto Olympic Club will compete in the United States 10,000-meter cross-country junior championship at Chicago Saturday. Coach Paul Poce announced Wednesday.

Gugliemi quit when the New York Giants traded him to the 49ers. Then he signed with Philadelphia.

Law Returning to Baseball

PITTSBURGH (AP)—Vernon Law, who retired last season three years after being named the majors' top pitcher, will return to baseball with Pittsburgh next season.

The Pirates said Wednesday the 1960 Cy Young Award winner will go to spring training to try and win a spot on the team.

Law, 33, has been plagued with sore arm trouble since the Pirates' 1960 World Series victory over the New York Yankees.

Marshall Gets Starting Call Against Tech

FAYETTEVILLE, Ark. (AP)—Fed Marshall, the Arkansas quarterback who rode the bench, then came into his own in last week's 14-7 loss to Southern Methodist, will start for the Razorbacks Saturday despite a shoulder injury.

Coach Frank Broyles said Wednesday he would send Marshall against the Red Raiders even though the junior from Memphis has not seen contact action in practice this week because of a shoulder separation.

But Broyles said junior Billy Gray and sophomore Jon Brittenum, the other two quarterbacks who have carried most of the work load for the Hogs this season, also will see considerable action.

The Hogs are going for a .500 season in the Tech game. They are on the debit side of the win-loss ledger in November for the first time since Broyles' first year at Arkansas. Texas Tech is 5-4 for the season.

Two Red Raiders are expected to be out of action. They are halfback Roger Gill and fullback Leo Lowery.

Red Wings Would Like to Get Home

By THE ASSOCIATED PRESS
There's no ice like home for the Detroit Red Wings. And one of the best things about their home ice is that it doesn't have Bobby Hull on it all the time.

The Red Wings started Wednesday night at Chicago as if they were going to break their long spell of road frustration.

They were in front 2-0 after 12 minutes, but then Hull went to work and tied the score with his 13th and 14th goals of the season. The Black Hawks went on to a 5-2 victory.

Detroit now has failed to gain a victory in eight road games since the National Hockey League season started. They have one tie.

In a full NHL schedule, Gilles Villeneuve made his debut in the nets for the New York Rangers a good one in a 1-1 tie with the Boston Bruins at Madison Square Garden, and Montreal topped Toronto 3-1 at Toronto.

Hull's two goals moved him into a scoring lead in the league season race. He has 28 points to 26 for Montreal's Jean Beliveau, who was shut out at Toronto.

Chicago captain Pierre Pilots suffered a fracture nose in the last period when he was hit by the puck.

Older Football Players Don't Fade Away

By RON WILSON
DETROIT (AP)—Old professional football players don't fade away. They just wait on the other side of that hill they supposedly went over for an SOS from a problem-plagued team.

Howard (Hopalong) Cassidy is the latest example. Released by the Philadelphia Eagles before the current season began, the 29-year-old Cassidy is returning to the National Football League with his first club—the Detroit Lions.

Other old pros who came to mind are Ralph Gugliemi, Jim Martin, Joe Perry and Bobby Layne.

Cassidy barely had agreed to take a job with the Ohio Youth Commission when the Lions pushed the panic button Wednesday. They signed him as a free agent and announced that Hopalong would finish the season as a defensive back.

The Lions secondary has been shredded by injuries to Yale Lary, Gary Lowe, Dick (Night Train) Lane, and Dick Compton. Cassidy, a former All-American at Ohio State, was a Lion star for six years, working mainly out of the pass-catching flanker slot. Traded away, Cassidy ran into bad luck. He suffered a broken leg with the Philadelphia Eagles last season and was cut from the squad earlier this year.

He has accepted an appointment with the Ohio Youth Commission as a \$10,000-a-year administrative assistant and is expected to start on that job next month after finishing with the Lions.

The Lions had their own precedent for the Layne and Cassidy moves. In 1959, they brought lineman Lou Creekmur out of retirement. And before the 1963 season began, retired kicker Jim Martin donned his old togs in Detroit. But he soon was shipped to Baltimore.

Perry is another retired still seeing action while bouncing in and out of the NFL. He's back with the San Francisco 49ers. It was the club he broke in with. Perry spent some time with Baltimore before returning to the 49ers.

Gugliemi quit when the New York Giants traded him to the 49ers. Then he signed with Philadelphia.

Law Returning to Baseball

PITTSBURGH (AP)—Vernon Law, who retired last season three years after being named the majors' top pitcher, will return to baseball with Pittsburgh next season.

The Pirates said Wednesday the 1960 Cy Young Award winner will go to spring training to try and win a spot on the team.

Pro Player of Week Is Astonished

By JERRY LISKA
Associated Press Sports Writer
CHICAGO (AP) — The Chicago Bears' Roger Leclerc, who missed his only field goal try in college, was left almost speechless today by his selection as the Associated Press' National League Player of the Week for his booting prowess against the Green Bay Packers.

"The honor makes me so excited, I don't know what to say," said the four-year Bear veteran, whose four field goals helped shove the Bears to a 26-7 conquest of the Packers last Sunday.

Leclerc, who also is a member of what he describes the Kamikaze punting and kickoff units, also recovered a fumble by Herb Adderley on a kickoff return which led to a 27-yard touchdown run by Willie Gailimore.

Leclerc's touchdown capped a 13-point Bear first quarter effort, which really softened up the favored Packers for their second trimming of the season by the Bears.

But Leclerc was a booting matador all afternoon, puncturing the Packers with field goals of 29, 46, 19 and 35 yards. His first two kicks gave the Bears a 6-0 lead. His third made it 16-0 and his fourth left Green Bay behind 19-0 early in the fourth period.

"I was real nervous on the first two kicks," said the former star center for Trinity of Connecticut. "A lot had been written about how this big game might be decided by field goals. I was worried about being smacked by the kiss of death."

Leclerc practices about three hours a week with defensive back Dave Whitsett holding. At Trinity, Leclerc kicked off and booted extra points.

"I only tried one field goal at Trinity," Leclerc recalled. "In the closing minutes of a tie game with Denison in my senior year, I tried on a 30-yarder and it fell short."

Blevins Loses 2 at Locksburg

Locksburg captured two of three games from Blevins Tuesday night. Blevins Junior boys racked up their third win 44 to 40. The Blevins Senior girls lost 37 to 29 and Locksburg had a tough time downing the Blevins boys 82 to 68. Locksburg piled up the score after several first teamers for Blevins fouled out.

Battle for Rose Bowl Saturday

By THE ASSOCIATED PRESS
If statistics are an accurate gauge, Illinois is going to have its problems in its game against Michigan State Saturday for the Big Ten title and Rose Bowl bid.

Figures compiled by the National Collegiate Athletic Bureau disclosed today that the Spartans have one of the best defensive teams in the country, particularly against teams that move the ball on the ground.

Rushing happens to be Illinois' favorite mode of attack.

Although Mississippi is the national leader in total defense, having yielded only an average of 138.4 yards a game, Michigan State is fourth in the list and ranks No. 1 in rushing defense.

The Spartans have permitted an average of only 71.3 yards a game on the ground. They have permitted less than two yards—1.9 yards to be exact—on every rush, as an average.

Although fourth in total defense behind Mississippi, Southern Mississippi and Memphis State, the Michigan State with 171.5 yards yielded per game have the best record among teams that play a completely major schedule.

The Spartans also have been stingy with points — permitting only 6.3 points a game. They're fourth nationally in this category.

Mississippi is the team leader in defense against scoring, with a .9 points a game given up, as well as over-all defense. Texas Western has the best pass defense, giving up only 40.1 yards a game through the air.

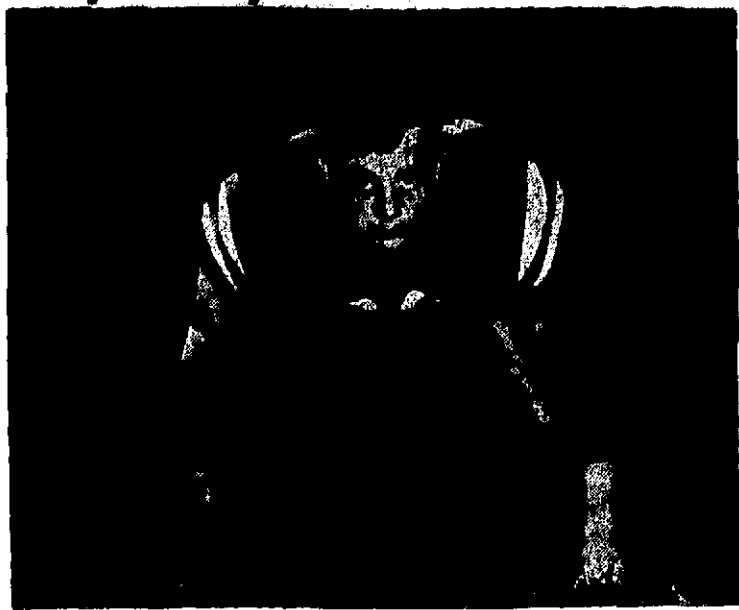

New Plane Takes Off Vertically

FT. BENNING, Ga. (AP) — A strange-looking jet airplane developed under a \$2.1-million Army contract took off vertically and then leveled off into normal flight in a demonstration here.

Lockheed-Georgia's new "Hummingbird" can hover like a helicopter or move sideways. It has no propellers. It was shown in its first complete take-off - to - landing operation Wednesday.

Powered by two turbjet engines, the 32-foot-long plane has climbed to 10,000 feet in 58 seconds.

Hope Players at S. State

Charles Beggs

Tony Purtle

MAGNOLIA — Two Hope High School graduates were members of the 1963 Mulderier football team and drew praise from Mulderier Coach Auburn Smith as the season ended Saturday.

Of Charles R. Beggs, freshman player and son of Mr. and Mrs. V. B. Beggs of Rt. 4, Hope, Smith said: "Charles' quickness and aggressiveness have won for him a starting position as 'Rider' back of tackle."

Beggs, who lettered four years in football at Hope High, holds an athletic scholarship at Southern State.

Of Tony Purtle, son of Mr. and Mrs. L. J. Purtle of 801 East 6th, also a freshman at the college, Smith commented, "Tony will always give 100%," high praise from the demanding Smith.

Gator Bowl Looks Over Prospects

JACKSONVILLE, Fla. (AP)—The Gator Bowl listed 11 football teams today as still receiving prime consideration for the Dec. 28 game.

Joe Sykora, chairman of the selection committee, said they are: Pittsburgh, Alabama, Auburn, Mississippi, North Carolina, Georgia Tech, Louisiana State, Air Force, Nebraska, Penn State and Syracuse.

Fish farming in Arkansas is second to none. One hundred million pounds of fish could be shipped if a market was available. Fish from these farms are being shipped by air all over the world.

Withdrawal Bitter to Jerry Lewis

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — Both CBS and NBC have broadcast hour-long specials this season about the glory that was Greece and the beauty that it is now.

Several weeks back, a CBS show with Alfred Lunt and Lynne Fontanne emphasized the birth of the drama during the fifth century before Christ, an era that fairly exploded with genius. NBC's program Tuesday night was more interested by the art and architecture of the same period.

The NBC show's color photography was delicate and beautiful. The narration by actor Trevor Howard was in a low key.

"Greece, the Golden Age," fashioned tenderly and lovingly, would have been a better bet on a winter Sunday afternoon.

Somehow an actor reading excerpts of "Oedipus Rex," accompanied by views of the Parthenon and Delphi, fit a lazy Sunday better than a week night spot normally occupied by Richard Boone.

Tuesday night's "Mr. Novak" on NBC was heralded as a sharp change of pace. It was to be a comedy. But there wasn't a chuckle in the hour — a moralizing tale suggesting that the public's attitude toward its teachers is something less than friendly.

As this series continues it becomes obvious that its creators are hammering on a single theme — there is no such thing as a bad teacher or a bad pupil, just bad or ignorant parents.

Practically every week, noble, dedicated, underpaid Mr. Novak has to take some abuse from some ill-mannered father. Usually at the end, the parents apologize.

Teachers, I understand, approve of the series. No wonder.

ABC's "withdrawal" after the "Jerry Lewis Show" after 13 programs was not much of a surprise to people who had been watching its low ratings, but it must be a bitter blow to the comedian.

He was so sure he could slip a weekly two-hour live television program into his schedule without any problems or even spending much time on it.

Lewis was asked repeatedly last summer, "What are you going to do for two hours?" He invariably smiled wisely, wagged a finger — and suggested we just wait and see.

After a couple of pretty dismal shows it's obvious he ducked the question because he didn't know the answer.

Exception (AL

Living Cost Figures Pose Public Puzzle

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — Hardest for many Americans to comprehend are the government figures on personal income and the cost of living.

More often than not the government agencies report that personal incomes have risen to a new high and that the cost of living hasn't budged much.

Millions of citizens usually react by grumbling that they sure haven't noticed any gains in their incomes while the bills seem to get a little higher month after month.

Both the skeptical citizens and the government statisticians could be right.

Somebody's income has gone up—enough of the somebodies to change the totals for the nation. And costs of some things you may not be buying just now may have gone down enough to offset rises in the prices and fees and fares and rents you may be paying. And so the government's consumer price index rises little, if at all.

The government has just announced the biggest monthly increase in personal incomes in 18 months—\$3 billion at an annual rate. But the Department of Commerce reminds civilians that one-third of that boost is due to a military pay raise.

The rest is distributed among increased payrolls in a number of factories in many industries, and in state and local government offices, along with some gains in rents, dividends and interest. Higher employment totals also swell incomes a bit for those in the selling, financing and servicing endeavors.

The impressive record now tops \$470 billion on an annual rate, 5 per cent up from the previous year.

Closely tied to the rise in personal incomes perhaps are the spending intentions the Census Bureau reports.

It says 4.5 per cent of the 17,500 families it questioned last month plan to buy a new car in the next six months, compared to 4.1 per cent a year ago, and 21.5 per cent plan to buy at least one household appliance within six months, compared with 20.7 per cent in October 1962. Those intending to buy a new house within 12 months edged up to 2 per cent from 1.9 per cent a year earlier.

AP&L Franchise Study Underway

LITTLE ROCK (AP) — Little Rock city manager, Ancil Douthit, said Tuesday the city is negotiating with Arkansas Power & Light Co. to bring it into a proposed franchise tax increase. The city already has said it wants to raise the franchise taxes on Arkansas Louisiana Gas Co. and Southwestern Bell Telephone Co. to raise money to give city employees salary in-

Officer Arrests His Own Son

FORT WORTH, Tex. (AP) — President and Mrs. Kennedy will occupy a \$75-a-day hotel suite Wednesday night while Vice President and Mrs. Lyndon B. Johnson will have a suite with a \$100 price tag.

A spokesman for Hotel Texas explained that the arrangements committee believed that the suite selected for the Kennedys has brighter colors and would be more to the liking of the Kennedys.

The two-bedroom, three-bath and sitting-room suite for the Kennedys is decorated in Chinese modern.

The Will Rogers Suite, which the Johnsons will occupy, features Western pictures.

Neither the Johnsons nor the Kennedys will pay for the hotel accommodations. It's hotel policy, an official explained.

Americans Told to Work for Freedom

GETTYSBURG, Pa. (AP) — Former President Dwight D. Eisenhower summoned all Americans today to the cause of freedom.

Speaking at ceremonies rededicating the Soldiers' National Cemetery on the 100th anniversary of Abraham Lincoln's Gettysburg Address, Eisenhower said in his prepared remarks:

On this day of commemoration, Lincoln still asks of each of us, as clearly as he did of those who heard his words a century ago, to give that increased devotion to the cause for which the soldiers in all our wars have given the last full measure of devotion.

Our answer, the only worthy one we can render... is to pledge, once again, that we shall ever defend, protect and pass on... to coming generations, the heritage, the trust that Abraham Lincoln and all the ghostly legions of patriots of the past have bequeathed to us — a nation free, with liberty, dignity, justice for all."

Wynne to Issue Revenue Bonds

WYNNE, Ark. (AP) — The Wynne City Council will issue \$200,000 in revenue bonds to drill wells for softer water. Revenue from water sales will retire the bonds. Soft water has less minerals, and the wells from which the city now gets its water has a high mineral content.

creases. AP&L has already renewed its contract with the city for the coming year at the same tax rate it has had since 1952—four per cent.

A special financial advisory committee set up by the city to study fund raising suggested that Arkla and Bell pay \$245,000 more in franchise taxes.

Communism Seen in Move by Cambodia

An AP News Analysis
By WILLIAM L. Ryan
AP Special Correspondent

Communism has inched a bit closer to one of its short-term goals in Southeast Asia, and the long-range threat to that strategic area has been increased.

What has just happened in Cambodia should be no surprise. The United States has had more than two years to prepare for the announcement that Cambodia would send the Yank-

ees packing, along with their aid.

Surprise or not, the effect can be to advance the cause of neutralism in the area. It can cause rulers to weigh cautiously the prospects for making peace with Peking.

The Communists achieved a step in their campaign to move in on Southeast Asia when a neutralist formula for Laos was adopted at Geneva. Laos borders Cambodia on the north and separates it from China. The Communists wanted the same formula for the other former French Indo-China states, including South Viet Nam.

The idea appeared to be neutralization first, then expulsion of Western influence. Finally

the Communists would dominate, and not necessarily by outright conquest.

Any unraveling of Red designs in Asia is complicated by the ideological war between Moscow and Peking. Moscow helped evolve the neutralist formula for Laos, but Southeast Asia is out of Moscow's reach. If it is to be dominated by a Communist power, it will be by Red China.

More than two years ago, Prince Norodom Sihanouk, Cambodia's chief of state, told a Soviet newspaper that if his country had to be allied with any foreign power, "it probably would not be with one in the West, which has never under-

stood or supported us."

This was despite American aid. It bruises American feelings to learn that U.S. aid is not always entirely welcome in Southeast Asia. It sometimes creates — as in Laos — problems of inflation and economic dislocations.

There never seemed much mutual confidence between the assisting Americans and the Cambodian regime. Always conscious of China, and with the Oriental long-range view of the future, the Cambodian regime wanted to be neutral. The Americans feared it would be "neutral" on the Communist side.

Cambodia is taking the plunge

Auburn's Sidle Going Great

By THE ASSOCIATED PRESS

Auburn's Jimmy Sidle threatens to make college football history. He may become the first quarterback to lead the nation in rushing.

Official NCAA statistics through last Saturday's games,

and divorcing herself from U.S. help. If this neutralism, combined with that of Laos, should lead one day to domination of the two countries by Communists, overtly or covertly, the West would suffer a severe strategic setback.

show that Sidle trails Kansas' Gale Sayers, the nation's major college rushing leader, by 14 yards. Sidle, however, has two more games to play while the Jayhawk halfback has only one.

The brilliant T-quarterback of Auburn has gained 835 yards rushing in eight games, making him the only rusher to average more than 100 yards per game. Sayers has 849 in nine games.

Quarterback Don Trull of Baylor leads the passing and total offense departments by a wide margin. In passing, he has connected with 142 of 254 throws of 1860 yards. In total offense, he has amassed 1913 yards in 329 plays.

Perfect Pudding for a Party

This excellent steamed pudding is a perfect holiday dessert. Serve it hot with deliciously thick Foamy Sauce: Beat 3 egg yolks slightly and add 1/4 cup confectioners' sugar, 1/4 teaspoon of salt, 1/4 teaspoon of vanilla, and if desired 1 1/2 tablespoons of brandy. Beat until very thick and about the color of a lemon. Whip a cup of cream and fold into the egg mixture. Chill before serving.

Holiday Chocolate Pudding

- | | |
|---|---|
| 1 cup mixed candied fruits and peels | 1/4 teaspoon salt |
| 1/4 cup water | 3/4 cup butter or margarine |
| 1 1/2 tablespoons rum extract | 3/4 cup firmly packed brown sugar |
| 1 1/2 cups sifted flour | 1 egg |
| 2 teaspoons double-acting baking powder | 3 squares unsweetened chocolate, melted |
| 1/2 teaspoon baking soda | 1 cup milk |

Combine mixed fruits, water, and rum extract in a saucepan. Bring to a boil over high heat; then reduce heat and simmer until all liquid is absorbed, stirring occasionally.

Sift together measured sifted flour, baking powder, soda, and salt. Cream butter; gradually add sugar, continue creaming until blended. Add egg and chocolate; beat until smooth. Alternately add flour mixture and milk, beating well after each addition. Stir in fruit mixture. Spoon evenly into a well greased 2-quart mold. Cover tightly with greased aluminum foil and place mold in a pan of hot water. Bake in a moderate oven (375°F.) about 1 1/2 hours, or until a cake tester inserted in pudding will come out almost clean and pudding begins to pull away from the sides of the mold. Serve hot. Top with Foamy Sauce, if desired. Makes 12 servings.

People in the News Around the World

By THE ASSOCIATED PRESS

PARIS (AP) — Socialist Gaston Defferre, mayor of Marseille, may challenge Charles de Gaulle in France's 1965 presidential election.

"I have begun to think it over," said Defferre. "I have not merely the right to do so, but also the duty."

De Gaulle is virtually certain to seek re-election.

CHICAGO (AP)—Sir Winston Churchill's actress daughter, Sarah, has canceled her engagement at a suburban Chicago theater and says she's going home to England.

Miss Churchill was to have started rehearsals Tuesday in the leading role of "Glad Tidings." But she said she was emotionally upset and couldn't perform.

A spokesman for the Drury Lane Theater said opening of the play, scheduled for Thanksgiving, will be postponed until Dec. 1. The theater will try to

find a substitute for Miss Churchill.

LONDON (AP) — A Soviet rocket specialist, Col. Gen. Vladimir Tolubko, says the Soviet Union has the stronger nuclear force, no matter what U.S. Secretary of Defense Robert S. McNamara says.

In a Moscow broadcast monitored in London, Tolubko said: "In the competition imposed on us by aggressive forces for quality and quantity of nuclear missiles, we not only do not drag behind those who menace us with war—we are very much better than they."

Tolubko, first assistant commander of Soviet strategic rocket forces, was replying to a recent speech by McNamara, who claimed nuclear superiority for the United States.

Must Recognize Any Battle Hero

LITTLE ROCK (AP) — Even in mock battles, heroes must be recognized and reparations paid.

Two Port Hudson, La., men were injured when their Civil War Cannon fired prematurely and exploded during a re-staging of the Battle of Little Rock

How to Enjoy Your Baby

"Protecting baby's health and comfort is mother's chief concern. Her first line of defense is bathing him with the same deodorant soaps grownups use, because they contain a bacteriostat which prevents skin problems. Harmless and non-irritating, the bacteriostat forms an invisible film on the skin without closing the pores. This prevents the multiplying of bacteria which cause common skin infections and irritations."

To avoid diaper rash, baby's personal laundry—including blankets and sweaters of non-allergenic and mothproof acrylic fiber—is washed in the automatic washer with detergent which has a bacteriostat. This special formula controls bacteria and prevents its transfer from clothes to skin. Fabric-safe dry chlorine bleach is added to the wash to remove stubborn stains. Make sure clothes are thoroughly rinsed.

Decorating the nursery with easy-care materials, which thrive on detergent and water, assures mother's peace of mind and gives her more time to enjoy her baby. The ideal wall covering is stain and scuff resistant, flexible vinyl, as easy to hang as wallpaper.

The floor covering is child-conditioned solid vinyl teamed with a washable Acrilan area rug, or a vinyl topped area rug with improved plasticizers, protect the crib mattress of firm urethane foam, highchair cushions, bathinette and playpen pads.

How to Brew Excellent Coffee for a Crowd

Chances are that sometime during the holiday months ahead, you'll be called upon to serve coffee to a large group. Happily, coffee in any quantity is one of the easiest refreshment assignments you can draw. Once you know a few rules, you can make excellent coffee for any number of people.

Let's assume you'll be making forty average servings. Allow one pound of ground coffee to two gallons of water. Some simple arithmetic will enable you to adapt the recipe to a larger or smaller group. Even easier: employing any standard measuring device, use one part coffee to six parts water for perfect results.

If you use a coffee urn, use the suggested coffee-to-water proportions—drip grind coffee, of course—then follow the brewing instructions given by the manufacturer of the urn.

Coffee in a Kettle

Excellent coffee can be made in an open kettle, too. First, measure freshly-drawn cold water into a spotlessly clean kettle and heat it to boiling point. In the meantime, measure regular grind coffee into a clean cloth sack which has been soaked and rinsed thoroughly. The sack must be large enough so that it is not more than half-full when the ground coffee is placed in it. This allows for expansion of the coffee and free circulation of the water. Tie the top of the sack tightly, allowing enough cord for fastening to the kettle handle.

When the water comes to a full, rolling boil, reduce heat to hold just below the boiling point. Fasten the sack to pot handle, then submerge the sack into the water. Keep the kettle on low heat and push the sack up and down frequently to get the proper extraction. Brew 6 to 8 minutes. Do not let the coffee boil. When the coffee is ready, remove the sack, permitting all the beverage to drain into the kettle. Then, serve your delicious coffee as soon as possible.

Proposes 2 for 1 AT&T Stock Split

NEW YORK (AP) — American Telephone and Telegraph Co. directors proposed today a 2 for 1 split of the common stock and a hike in the dividend effective next year.

The dividend would be 50 cents a share on the proposed split stock. This would be equal to \$1.00 quarterly on the current stock.

The split, if approved by shareholders at the annual meeting in April, would be only the second in the history of the world's largest private enterprise. It would be effective in June.

AT&T, operator of the nationwide Bell Telephone system, split its stock 3 for 1 in 1958-59. The dividend was hiked 10 per cent.

The Sons of Confederate Veterans Camp of Jackson, Miss., duly presented them with citations.

Oddly enough, the reparations went to Little Rock. Two members of the Trans - Mississippi Department who attended the Port Hudson citation ceremony came back with a cannon ball, several Minnie balls, and an earthenware bottle believed to have contained beer issued to Union troops.

News Briefs

By THE ASSOCIATED PRESS

PORT AU PRINCE, Haiti (AP)—Another weather disaster has hit impoverished Haiti.

The Public Health Department reported about 500 bodies had been recovered following floods and landslides last week-end in the northern part of the country. The department said the toll was expected to climb.

The northern regions had been spared by Hurricane Flora last month, which killed more than 5,000.

SAIGON, Viet Nam (AP) — Leaders of a non-Communist guerrilla group that fought the Diem regime for years but agreed to rally to the new Vietnamese government apparently are still haggling over conditions for their return, according to American sources.

About 600 rebels, belonging to the religious-military Buddhist sect called the Hoa Hao, are camped in the upper Mekong Delta 110 miles west of Saigon. Their leaders are negotiating with revolutionary government officials.

NEW DELHI (AP) — Prime Minister Nehru told Parliament today he has repeatedly warned

cent to \$3.30 on the new shares at that time. In 1960, directors raised the dividend to \$3.60 a year, effective July 10, 1961. Today's action had been widely predicted in Wall Street.

the United States against setting an arms race going between India and Pakistan by supplying new equipment to Pakistan's air force.

Parliament member Hiren Mukherjee, a Communist, asked Nehru about recent news reports from Washington that the United States might be considering replacing Pakistan's old Sabre jet fighters with modern combat planes.

Nehru replied: "It is possible some re-equip-

ping of Pakistan's air force may be going on. I do not know. We have repeatedly pointed out to the United States government that in view of the Pakistani government's attitude and policy, it would not be very desirable to set a kind of arms race between them and us."

Cherokee Indians, involved in the Muscle Shoals "massacre" migrated to Arkansas in 1794.

Wants Allies in on 'Hot Line'

WASHINGTON (AP) — A House Republican task force on NATO unity today urged President Kennedy to cut North Atlantic Treaty Allies in on the "hot line" between Washington and Moscow.

The group headed by Rep. Albert Quie, R-Minn., said in a statement that the Kremlin-White House emergency

communication link was negotiated bilaterally and secretly with Russia and has contributed greatly to what they called the current disarray in the NATO alliance.

Extending heavenward above the twin medieval towers of Subiaco College and Abbey on a hill near Paris, Arkansas, is one of the world's most beautiful religious shrines.

Why is Borden's the milk for children?

23 checks for quality guarantee good taste

The famous flavor of Borden's Milk is assured by a modern laboratory and the most accurate tests known to dairy science. But we don't stop with scientific tests. Every batch of milk delivered from the farm is personally tested for flavor before it is accepted for pasteurizing and bottling under the Borden brand. After bottling, Borden's Milk is again taste tested for flavor to make certain it will please our best customers... your children.

Now the new plastic coated half-gallon carton is virtually leakproof. It is easy to open with a flexible spout that controls pouring.

Turkeys Are Big Business in Arkansas

By WICK TEMPLE

ATKINS Ark. (AP) — The saddest time of year for the children on the Monroe Davis farm is that crisp November day when the big trucks roll up to take the turkeys to market.

The men from the processing plant place big coops in the turkey pens and the silly birds fall over each other to get inside.

The two grandchildren of farmer Davis, who have done their best to make pets of the turkeys, watch forlornly from a window or a fence.

One of the turkeys may lie brown and succulent on your Thanksgiving Day table. He's had a brief, good life and the contract grower who nursed him

from egg to the block considers him a strange bird.

Davis, one of some 700 turkey growers in Arkansas, says the birds are difficult to raise because of their personalities. They are highly curious and have a nature to crawl under something," Davis said.

These quirks result in many turkeys smothering. They sometimes pile up headfirst deep to find out what is causing a sound on the other side of their brooder house. And if an empty box or can is left in the pen, the birds will pile into it and smother each other.

The toms (gentleman turkeys) get mean in their old age. If a man gets hurt and laid down in the turkey yard," Davis said, the older toms will pile up on him and peck him to death.

For this reason Davis doesn't allow his grandchildren in the pens with the older turkeys, despite the children's fascination

with the gobble.

The turkeys flock around anyone who walks into a pen. They'll take right up with you," Davis said. They're playful. They'll swallow your finger."

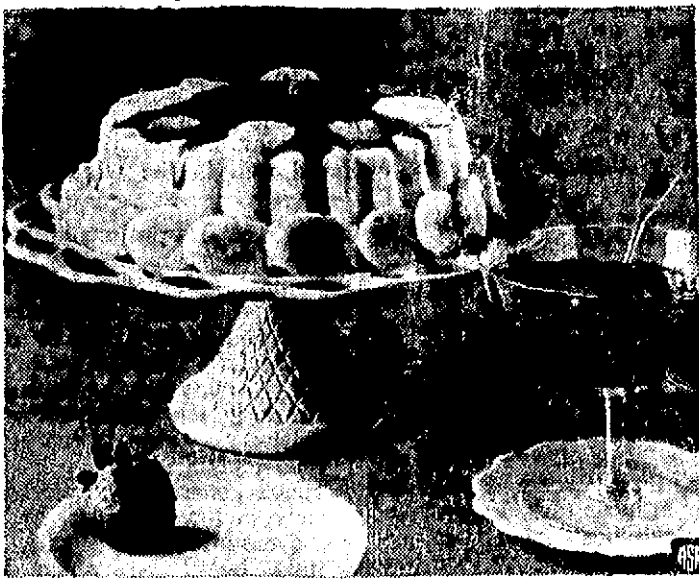

One tiresome daily chore of the turkey farmer is putting the birds back in the pens. Those turkeys will fly the fence just to see what's on the other side," Davis said.

Last year Arkansas produced three million turkeys and sold them for \$13.5 million. The industry is only 15 years old in the state and Ed Harms, executive secretary of the Arkansas Poultry Federation, said it is growing by 10 to 15 per cent a year.

Arkansas now ranks 10th nationally in production.

Northwest Arkansas counties produce most of the state's turkeys. The industry is growing because modern medicines and contract arrangements with processors make turkeys easier to

Magic Fruit Cream Mold

There's magic in sweetened condensed milk, for it thickens merely with the addition of lemon juice. This makes the product ideal to use in preparing a wide variety of delicious creamy desserts. The newest one, developed by the Borden Kitchen, is "Banana and Strawberry Magic Cream Mold," an exceptional company dessert.

Banana and Strawberry Magic Cream Mold

(Makes 8 to 10 servings)

- 1 envelope (1 tablespoon) unflavored gelatin
- 1/2 cup cold water
- 3/4 cup boiling water
- 1 1/2 cups (16-ounce can) Eagle Brand Sweetened Condensed Milk
- 1/2 cup lemon juice
- 1 cup (1/2 pint) heavy cream, whipped
- 1 (10-ounce) package frozen sliced strawberries, defrosted*
- 3 medium size ripe bananas, peeled and cut into cross-wise slices*

In a small bowl, add gelatin to cold water. Let stand 5 minutes to soften. Add boiling water and stir until dissolved. In a large bowl, blend sweetened condensed milk and lemon juice. Stir in dissolved gelatin. Fold in whipped cream. Drain the defrosted strawberries, reserving juice to make a sauce. Add berries and sliced bananas to condensed milk mixture. Pour into lightly oiled 1 1/2 quart mold. Chill in refrigerator about 2 hours, or until firm. Unmold onto platter. Prepare a favorite homemade strawberry or other fruit sauce to go with the cream mold. *Reserve a few sliced strawberries and bananas for garnish.

Island Pork Chops

The allure of the South Seas islands can be captured in a Polynesian type meal featuring Island Pork Chops and served in surroundings that have been given a South Seas island decorative touch.

Pork chops can be made even more succulent by simmering them gently in a sweet, slightly tart sauce that imparts a flavor reminiscent of the South Seas islands. Then increase the island flavor, if you will, by teaming the meat with pineapple and sweet potatoes.

Decorate the dining table with a few water lily-like flowers, and serve the flavorful of good eating. Your guests will feel they're on the hazy shores of the South Pacific.

South Seas Sauce is the important ingredient of Island Pork Chops. Sugar, vinegar, pineapple juice and seasonings have been specially blended to give an exotic flavor to any food. It is as near as your favorite grocery and comes in easy-to-use 18-ounce bottles.

Island Pork Chops

- 4 pork chops
- All-purpose oil
- 1 1/4 oz. can pineapple slices, drained
- 1 1-lb. 2 oz. can vacuum packed sweet potatoes
- 1 cup South Seas Sauce

Brown pork chops in oil; place in baking dish. Top with pineapple slices and surround with potatoes. Cover with sauce; bake at 350°, 45 minutes.

Yields 4 servings.

raise.

The processor buys the birds for 60 cents each from the hatchery and delivers them to Davis' farm six miles north of Atkins.

Davis provides the land, labor and equipment and the processor provides the feed, medicine and supervision.

After 20 to 26 weeks, the processor picks up the turkeys and pays Davis 40 cents per bird, plus a bonus of a few pennies per bird depending on the state of the market.

Davis, who raised 40,000 turkeys a year in two batches, says farmers are not getting as much profit as they think they should because of higher feed costs, lower market prices and the rising cost of labor.

Davis and his son employ three men to help with turkeys.

The average turkey farm raises 7,000 birds and most of the farmers have something besides turkeys. Davis has 27,000 hens.

The National Poultry Federation is promoting turkey on the nation's tables throughout the year, but Thanksgiving is still by far the biggest turkey season. Christmas is second and Easter is gaining.

Arkansas' turkeys sold for an average of \$4.50 in stores last year and experts say the average price is down 10 to 15 cents this year.

I think too many turkeys are being grown," Davis said.

Public Works Bill Passed by House

WASHINGTON (AP) — The House passed today a bill providing \$4,276,116,400 for public works.

The measure, which now goes

to the Senate, finances river and harbor and flood control projects, reclamation programs, the Atomic Energy Commission and other public activities.

The bill's total as it left the House was \$285,630,000 less than President Kennedy had requested.

Danish-Style Dinner Favorite

To be hospitable is to serve good food, as any Dane will tell you. And they can say so because the Danish cuisine is one of the best on the continent, as any American who has visited Denmark will testify.

Here is a recipe which has been tested and adapted for use by the American homemaker by the Borden Test Kitchen in New York City. It combines veal and pork, plus seasonings, and is topped with cheese. Shaped and baked in a ring mold, it is served with instant whipped potatoes, an exclusive American product.

Danish-Style Cheese-Veal Ring

(Makes 4 to 6 servings)

- 2 tablespoons sweet pepper flakes
- 1 tablespoon celery flakes
- 3/4 cup hot water
- 1 chicken bouillon cube
- 1 1/2 pounds ground lean veal
- 3/4 pound ground lean pork
- 2 eggs, slightly beaten
- 1/2 cup grated onion
- 1 teaspoon salt
- 1/2 teaspoon pepper
- 1/2 cup dry bread crumbs
- 1 (6-oz.) package Vera-Sharp cheese slices

In small covered saucepan, simmer sweet pepper and celery flakes in 3/4 cup hot water for 10 minutes. Drain and set aside. In large mixing bowl, dissolve bouillon cube in 3/4 cup hot water. Add cooked drained pepper and celery flakes and all ingredients, except cheese. Mix until thoroughly combined. Press into lightly buttered 2-quart ring mold. Bake in moderate oven (350° F.) 1 hour. Remove from oven. Drain off any liquid. Let stand 2 to 3 minutes. To unmold, invert a baking sheet or oven-proof serving platter over top of ring mold. Quickly turn upside down onto baking sheet. Cut cheese slices diagonally through center to form triangle. Arrange cheese triangles over top of baked veal ring, edges overlapping. Return to oven for 2 minutes, or until cheese just begins to melt. To serve, slice into portions.

Group Plans Study of Jet Airport

LITTLE ROCK (AP) — The Arkansas State Chamber of Commerce named a committee of six business leaders today to examine the feasibility of a large regional jet airport in Central Arkansas.

DeVere Dierks Jr. of Hot Springs Chamber of Commerce and vice president of Dierks Forests Inc., was named chairman.

Jack Pickens of Little Rock, president of Pickens-Bond Construction Co. and vice president of the Little Rock Industrial Development Corp. was named vice chairman.

Louis L. Ramsay Jr. of Pine Bluff, a lawyer and president of the Arkansas Bar Association, was named secretary.

Other members are Houston J. Burford of Little Rock, vice president and general manager of Southwest Hotels Inc.; Thomas W. Stone of Hot Springs, president of the Arkansas First National Bank; and Harvey McGeorge of Pine Bluff, president of Cornerstone Farm & Gin Co. and president of the Pine Bluff School Board.

The committee was asked to determine whether such an airport is economically justified, whether sufficient public support can be obtained and whether adequate financing can be arranged.

The committee was asked to submit its findings to the state chamber's board of directors.

Wayne A. Stone of Pine Bluff, ber, proposed the airport in his new president of the state chamber's inaugural address.

Exchange Suspends 2 Houses

NEW YORK (AP) — Two large brokerage houses were suspended from trading on the New York and American Stock Exchanges today because of their financial condition.

They are Ira Haupt & Co. and J.R. Williston and Beane Inc. The suspensions apparently were the latest development in a complex financial transaction in cottonseed oil futures, that is, buying and trading in cottonseed oil for future delivery.

A statement by the New York Stock Exchange said the firms were "in such financial condition that they cannot be permitted to continue in business with safety to their creditors or the exchange."

The poor financial condition arose, the stock exchange said, "as a result of the failure of a customer to meet its commitments in commodities."

The suspensions followed a statement late Tuesday by the New York Stock Exchange that it was checking the financial position of two member firms.

Shortly before, a New Jersey dealer and refiner of fats and vegetable oils, Allied Crude Vegetable and Refining Co. of Bayonne, filed bankruptcy in U.S. District Court at Newark.

The bankruptcy suit followed sharp decreases in prices of cottonseed oil futures. There were reports that Allied Vegetable was unable to meet commitments because of falling prices.

Husbands Pleased With Wives

By JIM BECKER
Associated Press Staff Writer

NEW YORK (AP) — Charles Goren, the contract bridge man, is just back from taking 300 card players on a cruise to the Orient, and not one husband threw his wife overboard for a bad bid.

And vice versa. It might have been the sea air, although Goren doesn't believe most of those stories about husbands and wives fighting over the bridge table.

"Even if they argue a little," he said, "at least they're together. The husband isn't out with the boys."

But Goren didn't organize the cruise to promote domestic tranquility.

He is out to sell bridge in the Orient, where the benefits of point count bidding are only starting to penetrate.

Goren and his 300 card players took over the ship President Roosevelt and traveled for 42 days to various Asian ports. At sea he lectured on bridge, and supervised games.

In Tokyo and Manila his team of American experts played matches.

Goren plans to take another cruise to the Orient next year. "I can't stay out of action," Goren said.

Does he ever get sick of bridge? "Not at these prices."

Gala Skillet Dinner

LOOKING FOR A NEW DISH that can be prepared well in advance, then quickly finished to serve guests? Try this gourmet Italian recipe, speeded up by the use of packaged pre-cooked rice.

VEAL PIZZAIOLA

- | | |
|--|---|
| 1 pound veal steak, sliced 1/2 inch thick | 1 tablespoon sugar (optional) |
| 3 tablespoons olive oil or other shortening | 2 to 3 teaspoons salt |
| 3 large cloves garlic | 1 1/2 teaspoons oregano |
| 2 cans (1 pound 12 ounces each) whole tomatoes | 1/8 teaspoon pepper |
| 1/2 cup tomato juice or water | 1 1/2 cups Minute Rice |
| | 4 slices Mozzarella or process American cheese, cut in strips |

Cut veal into 2-inch squares. Then split each square by slicing almost to edge. Spread slices apart. Pound meat, flattening to 1/4 inch thickness. Heat oil in large skillet. Add veal and sauté quickly until lightly browned on both sides. Remove meat from skillet and keep warm. Reduce heat and sauté garlic cloves in oil until golden brown. Add tomatoes, stirring gently to partially break them up. Add tomato juice and seasonings. Simmer over medium heat about 20 minutes. Then increase heat and bring mixture to a boil. Remove garlic.

Sprinkle rice around edge of skillet. Press rice into liquid. Place veal slices in center of skillet. Cover, remove from heat, and let stand 5 minutes. Place cheese on top of veal. Broil just until cheese is lightly browned and bubbly. Makes 4 to 6 servings.

Negro, 16, Faces Electrocutation

ATLANTA (AP) — A Negro whose death sentence at age 15 sparked international concern faces electrocution Dec. 6.

For the fourth time in two years young Preston Cobb Jr. heard the death sentence imposed Monday. He was convicted in August 1961 for killing his elderly white employer. Numerous appeals have been made, all the way to the U.S. Supreme Court, but all were turned down.

tightest it has ever been, it was reported.

Police Chief W.M. Marable said the bombings apparently were an attempt to "stir up something because things are stalemated."

Police inspector Henry Butler said there were no definite leads in the bombings.

Negro student Vivian Malone, who desegregated the university along with James A. Hood, is under constant watch by federal marshals. She declined comment on the explosions.

Housing Is Industrial Problem

WASHINGTON (AP) — The House passed \$59 to 27 Tuesday a bill that included \$94,186,000 in public works funds for Arkansas.

The \$4,276,116,400 public works bill, passed by roll call vote, now goes to the Senate.

The bill finances river and harbor and flood control projects, reclamation programs, the Atomic Energy Commission and other public activities.

The House trimmed \$285,630,600 from President Kennedy's request before passing the bill. Arkansas projects in the public works bill are:

Arkansas River bank stabilization \$18 million; Arkansas River navigation locks and dams \$11 million; Dardanelle Lock and Dam \$20 million; Beaver Reservoir \$10.3 million; DeGray Reservoir \$2,350,000; Gillham Reservoir \$1 million; Greers Ferry Reservoir \$2,917,000; Millwood Reservoir \$15.6 million; Bull Shoals power units 7 and 8 \$567,000; Narrows Dam power unit 3 \$100,000; Ouachita and Black Rivers \$1 million; Red River levees and bank stabilization below Dennison Dam \$300,000.

Planning
DeQueen Reservoir \$250,000; Dierks Reservoir \$150,000; Ozark Lock and Dam \$285,000.

Surveys
Arkansas River pumped storage \$50,000; Lee Creek \$34,000; Little Rock levee \$8,000; St. Francis Basin \$25,000; White River Basin \$250,000.

Streams and lakes cover about 822 square miles of the surface of the state.

Wanted to Get Away From Wife

ROCHESTER, N.Y. (AP) — "All I want is a little sleep," said Ralph Harris, 40, when he was discovered in a 25-foot-deep manhole.

A city employee was inspecting a water main when he came across Harris. He called the police.

Harris told officers he had a fight with his wife and "wanted to get away from her for awhile."

He removed the 70-pound cover to get into the manhole, but it had been put back into place by the time the inspector arrived. The employee said it would have been nearly impossible for Harris to get the top off from below and "it might have been another two years before we checked that man-hole again."

Students Enter Iraqi Embassy

LONDON (AP) — More than 300 Iraqi students forced their way into the Iraqi Embassy here today and seized control of the entire building.

Almost all the embassy staff left as the students, chanting slogans against the Iraqi regime of President Abdel Salam Aref, moved in.

A student leader said: "We are staying in the embassy for as long as is necessary."

He said the students were demonstrating against "the Aref regime and the military dictatorship. We are supporting the Ba'ath party."

The students occupied all four floors at the embassy.

The switchboard operator there said the diplomatic staff of about 20 had left when the students forced their way in.

But one of the student leaders said the press attache had stayed. "He is on our side," the student said.

The student spokesman said on the telephone:

"We are upstairs and downstairs. The embassy staff could not do anything with us. Somebody called the police after we had forced our way in. They tried to force us out, apparently had no right to, and they left."

While scores of students fanned through the buildings, dozens more squatted in the hall chanting pro-Ba'athist slogans. Aref ousted the Ba'ath socialist party from the government.

Outside the embassy a small group of London bobbies stood by, prevented from entering what was Iraqi territory.

Remembered That Mistreated Cat

UTICA, N.Y. (AP) — Many days and 300 miles away from Boston, the woman could not forget the sight of the cruelly mistreated kitten at the Old North Church.

Mrs. Harold Becraft of Utica recently visited the famous church.

In the courtyard, she made friends with a skinny stray kitten. The animal fled, however when a boy kicked it. Mrs. Becraft could not forget the animal.

She phoned the Animal Rescue League in Boston and the organization found the kitten. Mrs. Becraft is having it

Explosion Rips Bomber at Roswell

ROSWELL, N.M. (AP) — An explosion ripped through an \$8-million B52 jet bomber undergoing routine maintenance, killing three men and injuring four.

A team of investigating officers sifted through the debris today to determine the cause of the explosion which rocked this Strategic Air Command base Tuesday.

Killed in the blast and fire were: S. Sgt. Harold R. Morrison, 31, Waltham, Mass.

Airman 3.C. Manfred L. Zenilli, 20, Redwood City, Calif.

The bomber, the largest and longest-range in the Air Force, was on the flight line for routine maintenance checks by the flight crew.

The blast spouted smoke and flames high enough to be seen in downtown Roswell, four miles away. Only the tail section of the 200-ton plane was left. A nearby B52 was damaged by the fire.

shipped to her home — which already houses cats, monkeys, rabbits, birds, dogs, a raccoon and a chipmunk.

Mrs. Becraft is employed by the Humane Society.

DOROTHY DIX

CHILDREN'S TELEPHONICS LEAVES MAMA A NERVOUS WRECK

By Helen Worden Erskine

Dear Helen: Help! I am the mother of a girl 14 and a boy 18 who seem to think they've got squatters' rights to our telephone.

I've done everything; talked, begged, punished, deprived but to no avail. I've withdrawn their allowances, curtailed their freedom, assigned them extra house chores and even resorted to physical violence but nothing works.

This evening I grabbed the phone from my daughter, gave her a smack and ordered the teen on the other end of the line to shut up. Five minutes later my daughter was calling him back, with me a nervous wreck. My son says we should get a special telephone for him and his sister. That would only cause trouble between them. Tonight I threatened to have the phone taken out. No matter how often I've explained to them, they seem to be completely unaware of the fact that their parents might want to make and receive a call.

How they can do their homework with all the telephone interruptions is beyond me. I wish the P.T.A. would tackle the problem. Have any other parents this nerve-wracking problem? Do you or they know of a solution? If so, I'd sure like to hear it. —Mrs. Telephone Trouble

Dear Telephone Trouble: All parents of normal teens have your problem. There are three possible solutions; one is to install a coin-operated telephone in your home, the other is for you to get an evening telephone soliciting or poll taking job. Finally, if these suggestions fail, there is time itself. Some evening soon you'll be longing for the phone to ring with a call from one of your children. Send a stamped, self-addressed envelope for my leaflet, "How to Get Along With An Adolescent."

Dear Helen: I married a rover. Last night he stayed out till two A.M. with a girl friend. Her brother called me because he was worried about his sister. Seems his wife told him that my husband phoned and, according to the girl, said we wanted her to baby sit. Nothing could be farther from the truth.

I didn't tell my husband, for our children — we have four — must be considered. The girl also told her sister we asked

her to baby sit again for us Saturday. That's a lie. What, if anything, should I do? —Wondering

Dear Wondering: Such an involved alibi calls for a simple trap. Call the girl, line her up, to baby sit for your four children so that you and your husband can go out on a date. Try to match his ingenuity and you may find that you'll have a stay-at-home on your hands instead of a rover.

Dear Helen: My school is giving a sophomore dance and the boy I am going with lives out of town. Since I invited him, should my parents pick him up or should his parents bring him to our house then drive both of us to the dance? —Fifteen-Year-Old

Dear Fifteen: Either way the parents are stuck with the driving. So why don't you let them work out a fair arrangement of transportation to and from the dance? Maybe a car pool could be organized if there are other boys and girls going to the dance from the area where your date lives.

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Questioned in Alabama Explosion

TUSCALOOSA, Ala. (AP) — A 40-year-old man was questioned and then released as police pressed an investigation into three explosions, two of them near the University of Alabama campus.

A.L. Richey of Tuscaloosa was set free Monday after being picked up for questioning near the scene of the blast shortly after midnight Tuesday. Richey told police he had parked his pickup truck after leaving a tavern and had fallen asleep and was awakened by the explosion.

Police have strengthened their patrols in an effort to solve the bombings, the first to occur since the university was desegregated under federal court order five months ago.

Campus security was the

SOUTHWESTERN BELL ARKANSAS

Holiday Shoppers' Delight

Good any time but especially fitted for Christmas shoppers is this supper menu. You'll like it because it is very tasty, 2—saves on the food budget, 3—is easy to prepare on short order, and 4—most of the foods can be kept on hand.

Quick and Good Supper
Paprika Meat Balls and Vegetables
Hot Buttered Toast
Cole Slaw or Relishes
Fruit Trio Cookies
Coffee, Tea, Milk

Paprika Meat Balls and Vegetables
1 egg
1/2 cup water
1/2 cup dry bread crumbs
1 small onion
1/2 teaspoon salt
1 lb. ground beef
2 tablespoons shortening

Mix beaten egg with water, crumbs, chopped onion and salt. Add beef and form into 1-inch balls. Brown in oil. Drain. Place in center of a heat proof platter. Stir paprika into meatballs and spoon over meat balls. Put drained vegetables at each end of platter and dot with butter. Cover loosely with foil and bake in a moderate oven (375 degrees) about 15 minutes. Five servings.

TRY other tasty canned vegetables with the meat balls: peas and sauerkraut, sweet potatoes and asparagus, or beets and spinach.

Canned Fruit Trifles
1. Pear halves, purple plums, pineapple chunks
2. Peach halves, dark sweet cherries, grapefruit sections
3. Apricots, raspberries, orange sections

Paprika Meat Balls and Vegetables
1 teaspoon paprika
1 can condensed cream of mushroom soup
1 can (12 or 16 oz.) whole kernel corn
1 can (1 lb.) green beans
Butter or margarine
